## Career Objective

Aspiring Frontend Developer with hands-on experience in HTML, CSS, JavaScript, and SQL; passionate about creating responsive, user-friendly web applications and eager to contribute to a collaborative and innovative tech environment.

## Skills

- Programming Languages: C, JavaScript
- Database: SQL (basic queries, joins, table design)
- Frontend Technologies: HTML, CSS, JavaScript
- Version Control: Git, GitHub
- Web Development: Responsive Design, Semantic HTML, Flexbox, CSS Grid

## Education

B.Sc. Computer Science

N.G. Acharya & D.K. Marathe College of Arts, Science and Commerce, Mumbai, Maharashtra

CGPA: 6.85 | Aug 2020 - Apr 2023

## Projects

### Portfolio Website

- Developed and designed a personal portfolio website to showcase front-end projects and skills.
- Built with a responsive layout, smooth navigation, and a modern interface for an improved user experience.
- Integrated project links, resume download option, and live previews of work samples.

Technologies: HTML, CSS, JavaScript

### Expense Tracker

- Built a responsive expense tracker with a clean and simple UI for managing daily transactions.
- Added features to add, edit, delete entries with automatic balance, income, and expense calculations.
- Implemented local storage to persist user data and ensure smooth functionality.

Technologies: HTML, CSS, JavaScript

Live Demo: <https://chourasiyaamit.github.io/Expense-Tracker/>

### Interactive Quiz Application

- Built a responsive interactive quiz application with multiple categories and customizable question counts.
- Implemented dynamic question rendering, score calculation, and real-time progress tracking using JavaScript.
- Designed an engaging UI with smooth transitions to enhance the overall quiz-taking experience.

Technologies: HTML, CSS, JavaScript

Live Demo: <https://chourasiyaamit.github.io/Interactive-Quiz-Application/>

## Achievements & Interests

- Built and deployed multiple frontend projects using HTML, CSS, and JavaScript.
- Regularly watch tech YouTube channels and web development tutorials.
- Learning new JavaScript tools and libraries. Enjoy playing cricket and participating in team activities.
